

An Integrated Workflow Solution

Get the full picture with comprehensive integration of IHS PETRA[®], IHS PetraSeis[®] and IHS GeoSyn[™].

When these three solutions seamlessly connect, geological and seismic workflows are streamlined with easy-to-interpret data and modeling tools. This integrated bundle allows you to access, view and manipulate information within the same project; create multidimensional seismic models and synthetics; improve workflow collaboration; and deliver comprehensive proposals for new prospects. Get to the field faster with seismic, well, production, log and economic data at your fingertips.
